

Biocidal products database. User guide

Biocidal products database stores authorizations of biocidal products

Product search

- Enter search terms in appropriate fields and click [Search] button. Search terms are not case-sensitive, so it does not matter if you use lowercase or uppercase letters. In text fields, "abc" text will search for all texts containing "abc".
- Shows number of records found. If search terms do not narrow found records set, then showed are only first 500 records.
- Result row in first column shows special symbols:
 - ✓ Product has valid authorisation certificate;
 - ✗ Product has no valid authorisation certificate;
 - ⚠ Product has important remark.
- Result row in columns shows product data. When product name is pressed, then product view window is called.
- Shows function buttons, which export result table records to other data formats.
